Online Resource Guide Powered by eCOMPAS

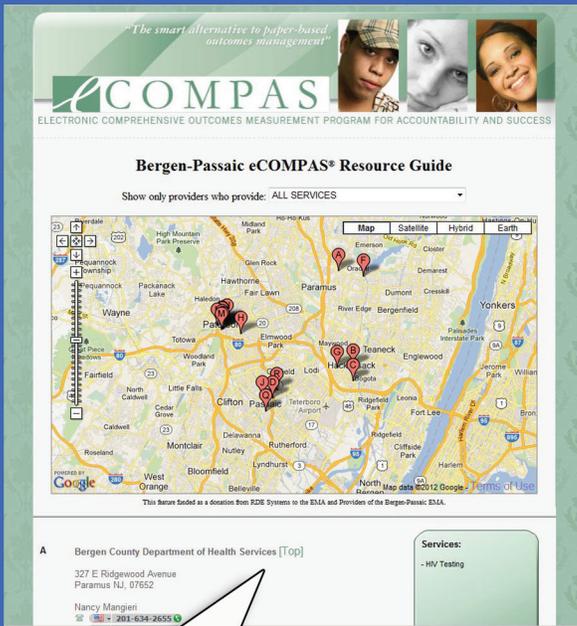

SPECIAL OFFER for Ryan White Grantees and Conference Participants

Easy To Use, Easy To Maintain, Interactive

Free Online Web-Based Resource Guide for Your Region!

- Provide searchable resources to your community on a map.
- Easy to keep the info updated using web interface.
- Display site hours of operation, key contact info and services.
- Filter by service category.
- Over eight years of use in the field.

"Our statewide resource guide is typically outdated by the time it hits the shelves. Changes in staffing or funding occur regularly. Using the e2 On-line Resource Guide has reduced the cost and burden normally associated with paper distribution. More importantly, the guide can be easily kept current with very little effort. Thank you, thank you."

Others charge for Online Service... So why is RDE able to do this for free?

RDE Systems has been serving the HIV/AIDS community for over eight years with innovative, web-based tools and services. The RDE team considers it an honor to *help those who help others* and has volunteered along side outreach workers in the field, and beside the desk of government officials, health planners, and medical care providers. As a special *thanks* for giving, RDE Systems is providing this free Online Resource Guide to Ryan White Grantees and conference participants.

✓✓✓ Check-out these valuable, cost effective, web based tools and resources that have dramatically improved the role of a grantee, provider, health planner and client.

"Thanks SO very much for your help, your positive attitude and your expertise! You have no idea how wonderful they all are!"

- Grants Management

"I have been "taking" the survey on the e2 site and falling madly in love with it!! I cannot wait to show it to my network! Sadly, my reality is that I must lament that I did not know you sooner!"

- HIV Planning Council Coordinator
